THERE ARE MOMENTS WHEN WE MIGHT CONSIDER THAT BEING SECOND IS ACCEPTABLE BECAUSE THE PATH OF LEAST RESISTANCE CAN SEEM SO INVITING. IN THE HAZE OF UNCERTAINTY, IT CAN FEEL LIKE A SAFE HARBOUR, A PLACE WHERE THE STAKES ARE LOWER AND THE PRESSURE EASES. BUT DEEP DOWN, NO MATTER HOW HARD WE TRY TO SETTLE FOR THAT, WE SIMPLY CAN'T.

WE ARE TOO OBSESSED WITH WINNING.

WE ARE DRIVEN BY AN ENDURING PASSION THAT FUELS EVERY MOVE, EVERY DECISION. IT COURSES THROUGH OUR VEINS LIKE AN UNSTOPPABLE CURRENT. IT'S A FERVOUR THAT REFUSES TO BE EXTINGUISHED. AND AT THIS POINT, WE WOULDN'T CHOOSE ANY OTHER WAY.

WE WILL CONTINUE BREAKING BOUNDARIES, DEFYING LIMITS, AND CHALLENGING THE CHALLENGER BECAUSE WE KNOW THAT SECOND PLACE IS NOT EVEN AN OPTION.

THIS IS OUR CURSE.

THIS IS THE PRICE WE HAVE TO PAY.

INTRODUCTION

DESIGN

The beauty of winning isn't about crossing the finish line first. It's not about the trophy or the medal. The real beauty of winning begins every morning when your alarm goes off. It's in those 15 extra minutes of sleep you're tempted to take but resist. It's when you're running on empty, yet you push through those last 10 miles.

In those moments of overwhelming challenge, the beauty of winning is born: through your determination, conviction, ambition, passion, and an unrelenting drive to be the best.

That's the beauty of winning. Being first is just a label.

We are more than that.

STRIKING DESIGN: THE COOL & SPORTY SUV

Unleash your daring side with the CUPRA Terramar's bold, dynamic design. This SUV embodies determination and audacity with its shark-inspired, long bonnet, radiating strength and ferocity from every angle.

EMBRACE THE LIGHT

Stand out with the iconic 3D infinite rear LED lights. The illuminated CUPRA logo adds a sophisticated touch, making your presence undeniable. The Terramar name shines brightly, emphasising the SUV's bold proportions. Completing the look, the contrasting diffuser gives the design a defiant character.

INTERIOR STYLING

INNOVATIVE DRIVER-ORIENTED INTERIOR

Immerse yourself in a cabin crafted for a real driving experience with the CUPRA Terramar's driver-oriented interior, featuring a stunning 12.9" infotainment system and a dashboard adorned with 3D parametric moulding and copper detailing.

DESIGN

ZERO DISTRACTIONS, FULL IMMERSION

Enjoy distraction-free driving with a customisable, soothing glow throughout the interior. Backlit door panels and multifunctional ambient lighting.

IMMERSIVE ILLUMINATION

The CUPRA Terramar's ambient light system features strategically placed LEDs that create a customizable, soothing glow. Enhance your dashboard, door panels, and entire interior, immersing yourself in an inspiring and refined driving experience.

POWER

A new form of power is set free. From calm to ferocious, the Terramar transforms power into unforgettable journeys. The aerodynamic design cuts through the air, adding speed and stability. Inside, the cockpit is a command centre for innovation and technology. The suspension delivers a sporty response, while the brakes provide precise control. Every component, from the wheels to the digital display, embody this relentless energy.

This power became the essence of Terramar, making it a symbol of victory.

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

PRECISION PERFORMANCE

Discover your driving potential with our all-new Terramar which blends powerful performance with dynamic design.

HANDLE EVERY DRIVE

Be precise with your drive via the advanced 12.9" infotainment system and the new generation of Dynamic Chassis Control (DCC) with two-valve shock absorbers. Adaptive dampers provide ultimate stability and driving dynamics, seamlessly adjusting to road conditions. Chassis tunability transforms journeys beyond the status quo.

POWER

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

PURE STOPPING POWER

The CUPRA Terramar's Akebono performance brakes with six-piston calipers and larger perforated discs (375x36mm) bring even more confidence in this SUV's dynamics, allowing you to brake to the max when needed.

LEADING THE WAY

Get behind the wheel with the CUPRA Terramar's leather-wrapped multi-function sports steering wheel. Featuring integrated heating and tiptronic capabilities, Start the engine from the wheel and choose your driving mode. Select the CUPRA Mode with a long press of the driving mode button and be prepared to enjoy the ride.

ELECTRIFYING INNOVATION

Innovation at your reach with CUPRA Terramar. The new generation plug-in hybrid powertrain boosts performance and delivers a wide electric-only range, proving electrification and performance.

e-HYBRID: NEXT-GEN EFFICIENCY

Experience the benefits of both worlds with the CUPRA Terramar's new PHEV generation. Enjoy up to 100 km of electric range and increased power up to 200kW, combining the latest technologies and innovative equipment to maximize your driving experience.

PUBLIC CHARGING ACCESSIBILITY

Recharge your CUPRA Terramar effortlessly with a growing network of charging stations in city centres and suburbs. Using the My CUPRA app, manage remote charging, stay informed with real-time insights, and authorize public chargers whenever needed.

HOME CHARGING SOLUTIONS

CUPRA's home charging solutions offer seamless convenience through the My CUPRA app. Remotely manage your charging, oversee your home charger, and ensure your CUPRA Terramar is always ready for the next adventure.

CUPRA CHARGER 2

The CUPRA Charger Connect 2* ensures your CUPRA Terramar is charged swiftly and safely, covering the maximum charging capacity up to 11 kW AC. The CUPRA Charger 2 introduces smart functions that optimize charging based on solar energy and electricity rates, all reducing costs by up to 40%.

*The Charger is able to reach powers up to 22 kW covering the maximum charging power of your CUPRA. Charging times vary in relation to the following factors: external temperature, battery temperature, maximum voltage of your charger system and condition of charger and battery.

ENVIRONMENTAL INFORMATION

LIGHTING: HEADLAMPS ECOLED

Headlamps and rear lamps are 100% LED, increasing life service by up to 10 times. For headlamps, power consumption is significantly reduced at least 30%, and the luminous flux effectiveness is increased at least 30% in comparison to a halogen lamp.

RECYCLED MATERIALS

Seat Deep Ocean configuration: Its seat central areas contain 100% upcycled SEAQUAL® YARN material.

Seat Moon Light configuration: Its seat central areas contain at least 73% of Dinamica® recycled textile polyester (pre-consumer and post-consumer origin).

ENGINES

e-HYBRID: The all-electric motor in the e-HYBRID engine enables zero tailpipe emissions driving in electric mode.

ZERO EMISSIONS

An indicator that shows the distance driver with zero tailpipe emissions using electric-only mode.

E-RANGE MONITOR

Informs the driver of the increase in range of electric-only engine when combustion-only is off.

GEOFENCING

This technology guarantees an automatic switch to 100% electric driving (when battery is charged), by detecting the entry of the vehicle into low-emission urban areas. This means zero-tailpipe driving, which contributes to improving air quality in cities and protecting public health.

SEAT S.A.'s environmental mission.
Protect Climate. Conserve Resources. Preserve Ecosystems. Ensure Environmental Compliance.
